

Snohomish Knitters Guild

Events and Programs Log: Membership Year 2011-2012

Note: the following is a snapshot for historical reference, listed in reverse order.

SKG Monthly Meeting; Tuesday, 11 October 2011 Photography for Fiber Folk

Charisa Martin Cairn will walk you through tips and tricks to improve your photos of your knit projects. Whether you have a point-and-shoot or a digital SLR, she'll show you how to get the most out of your photos. This is a great program if you've been wanting to share improved project photos on Ravelry or want to make your blog images pop. No photography experience necessary. Bring your point and shoot or DSLR to the program so you can test out your new knowledge at the guild meeting.
